PROFESSIONAL EXPERIENCE

NextGen Consulting Inc., Washington DC-Baltimore Area

Cloud Operations Support

Aug 2023 - Present

- Provide ongoing cloud and technical support using AWS services and AWS AI developer tools (including Kiro)
- Assist with backend development, troubleshooting, and testing using Visual Studio Code
- Support configuration, documentation, and issue resolution for active projects

IT Operations Intern

June 2022 - Aug 2023

- Resolved 200+ technical support issues for users, documenting solutions to improve future issue resolution
- Supported mobile application development through testing, troubleshooting, and feedback
- Assisted with IT systems setup, account configuration, and basic troubleshooting

Howard Community College Campus Store / Slingshot, Columbia, MD

Operations & Systems Associate

Aug 2024 - Present

- Use Juniper and store operations software to receive merchandise, fulfill orders, update inventory records, and support back-end store operations
- Manage order fulfillment, receiving, stocking, and inventory accuracy for textbooks, merchandise, and course materials
- Assist students, faculty, and staff with purchases, course material support, and issue resolution during high-volume semester rush periods

The UPS Store, Clarksville, MD

Shipping & Logistics Associate

Sep 2025 - Present

- Process domestic and international shipments using shipping/logistics software, including package details, customs information, labels, and service options
- Assist customers with shipping, packaging, printing, mailbox services, and issue resolution in a high-volume retail environment
- Handle transactions accurately while maintaining attention to detail, service quality, and delivery requirements

PROJECTS

AWS Static Website Deployment - Terraform, AWS S3, CloudFront, Route 53, IAM

- Provisioned AWS static website infrastructure using Terraform, including S3 hosting, CloudFront content delivery, DNS routing with Route 53, and IAM access controls

Home Network DNS Filtering Project - Raspberry Pi, AdGuard Home, Unbound, DNS, DHCP

- Deployed local DNS filtering with recursive DNS resolution to improve privacy, block trackers, and practice networking configuration

Self-Hosted Service Monitoring Dashboard - Docker, Uptime Kuma, Linux, Network Monitoring

- Built a Docker-based monitoring dashboard to track uptime, availability, and health for homelab services

LEADERSHIP & HONORS

Maryland House of Delegates — Volunteer Staff | **FBLA National Qualifier**
